

1. I submitted a FiT application form before the new FiT rates came into effect on 27 April 2022, but I have not yet received the acknowledgement from HK Electric. Will my Provisional FiT Rate be affected?

If you are able to submit to HK Electric all the outstanding documents as required under Clauses 3.1(a) and 3.1(c) of the Terms and Conditions of FiT Scheme (the T&C) within 1 month from the date of our Reminder Letter issued to you, your Provisional FiT Rate will be maintained at the FiT rate before the adjustment. Please note that the design and commissioning of your Renewable Energy Power System need to be completed respectively within the corresponding designated periods under Clauses 3.10(g), 3.10(h) and 5.1 of the T&C; otherwise, your Provisional FiT Rate will be determined based on the applicable prevailing FiT rates published on HK Electric's website.

2. I submitted a FiT application form and supporting documents before the new FiT rates came into effect on 27 April 2022, but I have not received the Consent Letter from HK Electric. Will my Provisional FiT Rate be affected?

a) If the acknowledgement date of your application is 28 October 2021 or before

If you are able to submit all the outstanding documents, within 4 months from the date of the Reminder Letter issued to you, to the satisfaction of HK Electric for issuing the Consent Letter, your Provisional FiT Rate will be maintained at FiT rate before the adjustment. Please note that the commissioning of your Renewable Energy Power System would have to be completed within the designated period under Clauses 3.10(h) and 5.1 of the T&C; otherwise, your Provisional FiT Rate will be determined based on the applicable prevailing FiT rates published on HK Electric's website.

b) If the acknowledgement date of your application is after 28 October 2021

We will issue a Reminder Letter to you. If you are able to submit all the outstanding documents, within 4 months from the original Provision FiT Rate expiry date (i.e. 6 months from your application acknowledgement date), to the satisfaction of HK Electric for issuing the Consent Letter, your Provisional FiT Rate will be maintained at FiT rate before the adjustment. Please note that the commissioning of your Renewable Energy Power System would have to be completed within the designated period under Clauses 3.10(h) and 5.1 of the T&C; otherwise, your Provisional FiT Rate will be determined based on the applicable prevailing FiT rates published on HK Electric's website.

3. I received the Consent Letter from HK Electric before the new FiT rates came into effect on 27 April 2022, but my renewable energy power system has not been connected to HK Electric's grid. Will my Provisional FiT Rate be affected?

- a) If your Validity Period of the Provision FiT Rate stated in the Consent Letter has expired as at 27 April 2022

Your Validity Period of the Provision FiT Rate will be extended by 4 months from date of our notification issued to you. Please note that if the date of last submission of documents (i.e. the Date of Commissioning Documents) by the Applicant to the satisfaction of HK Electric for arranging the connection of the REPS to the Grid is after the aforementioned extended expiry date, the applicable FiT rate under the FiT Agreement shall be the applicable prevailing FiT rate published on HK Electric's website as at the Date of Commissioning Documents with Clause 5.1(b) of the Terms and Conditions of FiT Scheme.

- b) If your Validity Period of the Provision FiT Rate stated in the Consent Letter has not expired as at 27 April 2022

Your Validity Period of the Provision FiT Rate will be extended by 4 months from date of the original Validity Period expiry date. Please note that if the date of last submission of documents (i.e. the Date of Commissioning Documents) by the Applicant to the satisfaction of HK Electric for arranging the connection of the REPS to the Grid is after the aforementioned extended expiry date, the applicable FiT rate under the FiT Agreement shall be the applicable prevailing FiT rate published on HK Electric's website as at the Date of Commissioning Documents with Clause 5.1(b) of the Terms and Conditions of FiT Scheme.

4. I planned to apply for joining the FiT Scheme before before the new FiT rates came into effect on 27 April 2022, but I have not yet submitted the application form. If I submit application now, will I eligible for the old FiT rates?

The Provisional FiT Rate will be the applicable prevailing FiT rate published on HK Electric's website at the time of your submission of the FiT Scheme Application Form to HK Electric.
