CHAIRMAN'S STATEMENT

Stable Framework Assuring Long-term Certainty

In the six months under review, HKEI achieved steady performance through its wholly owned subsidiary HK Electric, meeting both immediate and long-term business goals. We continued to deliver stable returns for investors while providing safe, reliable, clean and affordable power to our customers.

The highlight of the operating period was the signing of the next Scheme of Control Agreement (SCA) with the Government following months of consultation and negotiation. With greater emphasis on promoting energy efficiency and using renewable energy, the new SCA will not only balance the interests of various stakeholders in the community, but also help Hong Kong develop into a low-carbon economy. This development adds impetus to our ongoing plans to increase HK Electric's infrastructural capacity to generate cleaner power.

Half Year Results

For the six months ended 30 June 2017, HKEI's EBITDA amounted to HK\$3,776 million (2016: HK\$3,817 million) and unaudited profit attributable to holders of Share Stapled Units (SSU) was HK\$1,003 million (2016: HK\$1,101 million).

Interim Distribution

Distributable income for the period was HK\$1,760 million (2016: HK\$1,760 million), which will be 100% distributed to SSU holders.

The Board of the Trustee-Manager has declared an interim distribution of HK19.92 cents (2016: HK19.92 cents) per SSU, payable on 11 August 2017 to SSU holders whose names appear on the Share Stapled Units Register on 2 August 2017.

New SCA Will Underpin a Greener Future

I am delighted to report that on 25 April 2017, the Group entered into a new SCA with the Government. Compared with the existing agreement, the new SCA has a longer validity of 15 years from 1 January 2019 until 31 December 2033. This is a most welcome development as it provides the long-term certainty required for the local electricity sector to make the investments necessary to support the Government's aggressive climate change targets while enhancing energy efficiency, transparency and customer services.

To help reduce Hong Kong's carbon intensity by 65-70% by 2030 compared to the 2005 level, HK Electric must increase its gas-fired generation capacity and replace the retiring coal-fired units over the next decade. The longer duration of the SCA provides us with the confidence to put into action the infrastructure projects needed to achieve this.

Under the new SCA, HK Electric is entitled to a permitted rate of return on average net fixed assets of 8%. While we appreciate the community's aspiration for even more affordable tariffs, we must caution against unrealistic expectations about tariff adjustments as a result of a reduced rate of return. For a utility business greatly influenced by fuel costs and operating expenses, there are various factors at play affecting the tariff level, especially as HK Electric will substantially increase its use of natural gas to generate cleaner electricity in future. This factor alone will put immense pressure on tariff and managing it will continue to be our priority in the short to medium term.

Lamma Power Station – Powering Up for Increased Gas-fired Generation

To achieve the Government's emissions and carbon intensity targets, HK Electric has made good progress with construction works to increase its gas-fired generation capacity and replace retired and soon-to-retire coal-fired units at Lamma Power Station.

Piling activities progressed on schedule for L10 and L11, the two new combined-cycle generating units that will substantially increase the proportion of our electricity generation from natural gas. Contracts for their construction were awarded during the period following a rigorous selection process. Commissioning of the two units is scheduled for 2020 and 2022 respectively.

To improve our ability to secure natural gas at competitive prices we have been exploring the development of an offshore LNG receiving terminal in Hong Kong waters based on Floating Storage and Regasification Unit technology in partnership with CLP Power. During the review period, the Environmental Impact Assessment (EIA) studies associated with the proposed project were initiated. We aim to submit the EIA report to the Government before end 2017, with commissioning set for 2020 if the necessary approvals are received on time.

CHAIRMAN'S STATEMENT *(Continued)*

Setting Higher Standards in Performance and Reliability

Notwithstanding the tariff reduction of 17.2% for customers in 2017 as a result of a reduction in the fuel clause charge and the offer of two special rebates, we continued to achieve a supply reliability rating of over 99.999%, with unplanned power interruption per customer kept below one minute on average. At the same time, all 18 pledged service standards were met or surpassed during the period under review.

On the sales front, the first half of the year showed a decrease of 3.6% mainly due to much milder weather in 2017 as compared to 2016, as well as the absence of an extra day in February.

We have made encouraging progress in our efforts to improve Hong Kong's air quality. Currently, over 30% of our total output is generated from natural gas, which produces lower emissions than other fossil fuels. Owing to the proportion of gas in the fuel mix and through other judicious control measures, emissions of sulphur dioxide, nitrogen oxides and respirable suspended particulates were well below the mandated levels.

Mobilising the Community to Protect the Environment

Our initiatives to help transform Hong Kong into a greener and more sustainable society are multifold, including the promotion of electric vehicles (EVs). During the period we erected three new multi-standard EV quick charging stations, upgraded six existing standard charging stations and provided advisory services to our customers to install charging facilities at 17 buildings. In addition, HK Electric won the champion and second runner-up awards at Hong Kong's first "International Competition on Second Life for Retired Batteries from Electric Vehicles". The champion project proposes the use of retired batteries from EVs for energy storage in a solar power system being considered for Po Toi Island. HK Electric is currently studying the feasibility of installing this system to provide electricity to the residents of the island.

During the period under review, we doubled the upper limit of subsidy offered by the Smart Power Fund to enable energy efficiency works or upgrades for Hong Kong's older buildings, approving seven more project applications. We also ran several programmes under the Smart Power Campaign to promote environmental awareness and a low carbon lifestyle among Hong Kong's residents.

Outlook

We look forward to the next decade with confidence and optimism, underpinned by a clear and balanced regulatory framework that allows us to envision emerging trends for long-term planning. The new SCA provides a firm foundation that enables HK Electric to proceed with its investment pipeline, which includes the construction of new gas-fired units and other supporting infrastructure, to produce cleaner energy, while allowing us to supply affordable and reliable power.

Our immediate task is to engage with the Government to iron out the minutiae of implementation for the new SCA. Another focus will be to ensure that the infrastructure necessary for increased gas-fired generation progresses on schedule.

In conclusion, I would like to extend my thanks to our employees for their dedication and our SSU holders for their unwavering support, which are both at the heart of our continued success.

FINANCIAL REVIEW

Financial Performance

The Trust Group's revenue and unaudited consolidated profit for the period ended 30 June 2017 were HK\$5,326 million (2016: HK\$5,326 million) and HK\$1,003 million (2016: HK\$1,101 million) respectively.

Distribution

The Trustee-Manager Board has declared an interim distribution of HK19.92 cents (2016: HK19.92 cents) per SSU for the six months ended 30 June 2017. In order to enable the Trust to pay that distribution, the Company Board has declared the payment of a first interim dividend in respect of the Company's ordinary shares held by the Trustee-Manager of HK19.92 cents (2016: HK19.92 cents) per ordinary share in respect of the same period.

Distribution amount for the period	1,760	1,760
Interim distribution amount per SSU	HK19.92 cents	HK19.92 cents

In determining the distribution amount, the Company Board has taken into account the Group's financial performance achieved during the period under review and its stable cashflow from operations, and consider it appropriate to adjust the distributable income for the six months ended 30 June 2017, as calculated pursuant to the Trust Deed, by the above discretionary amount, pursuant to clause 14.1(c) of the Trust Deed.

Notes:

- (a) Pursuant to clause 1.1 of the Trust Deed, "Adjustments" includes, but not limited to (i) transfers to/from the Tariff Stabilisation Fund and the Rate Reduction Reserve under the Scheme of Control; (ii) unrealised revaluation gains/losses, including impairment provisions and reversals of impairment provisions; (iii) impairment of goodwill/recognition of negative goodwill; (iv) material non-cash gains/losses; (v) costs of any public offering of Share Stapled Units that are expensed through the consolidated statement of profit or loss but are funded by proceeds from the issuance of such Share Stapled Units; (vi) depreciation and amortisation; (vii) tax charges as shown in the consolidated statement of profit or loss; and (viii) net finance income/costs as shown in the consolidated statement of profit or loss.
- (b) The Trustee-Manager Board has confirmed, in accordance with the Trust Deed, that (i) the auditors of the Trust Group have reviewed and verified the Trustee-Manager's calculation of the above distribution entitlement per SSU; and (ii) having made all reasonable enquiries, immediately after making the above distribution to the registered unit holders of the Trust, the Trustee-Manager will be able to fulfill, from the Trust Property (as defined in the Trust Deed), the liabilities of the Trust as they fall due.

Capital Expenditure, Liquidity and Financial Resources

Capital expenditure during the period amounted to HK\$1,061 million (2016: HK\$962 million), which was primarily funded by cash from operations. Total external borrowings outstanding at 30 June 2017 were HK\$40,395 million (31 December 2016: HK\$39,679 million), comprising unsecured bank loans and debt securities in issue. In addition, the Trust Group at 30 June 2017 had undrawn committed bank facilities of HK\$4,250 million (31 December 2016: HK\$4,000 million) and bank deposits and cash of HK\$329 million (31 December 2016: HK\$316 million).

Treasury Policy, Financing Activities, Capital and Debt Structure

The Trust Group manages its financial risks in accordance with guidelines laid down in its treasury policy which is designed to manage the Trust Group's currency, interest rate and counterparty risks. Surplus funds, which arise mainly from provision for capital expenditure to be incurred and from electricity bill collection, are placed on short term deposits denominated in Hong Kong dollars. The Trust Group aims to ensure that adequate financial resources are available for refinancing and business growth whilst maintaining a prudent capital structure.

FINANCIAL REVIEW *(Continued)*

As at 30 June 2017, the net debt of the Trust Group was HK\$40,066 million (31 December 2016: HK\$39,363 million) with a net debt-to-net total capital ratio of 45% (31 December 2016: 44%). The Trust Group's financial profile remained strong during the period. On 27 February 2017, Standard & Poor's reaffirmed the "A-" long term credit ratings with a stable outlook for the Company and HK Electric, unchanged since September 2015 and January 2014, respectively.

The profile of the Trust Group's external borrowings as at 30 June 2017, after taking into account forward foreign exchange contracts, cross currency and interest rate swaps, was as follows:

- (1) 100% were in Hong Kong dollars;
- (2) 48% were bank loans and 52% were capital market instruments;
- (3) 2% were repayable within 1 year, 62% were repayable after 1 year but within 5 years and 36% were repayable after 5 years; and
- (4) 62% were in fixed rate and 38% were in floating rate.

The Trust Group's policy is to maintain a portion of its debt at fixed interest rates taking into consideration business and operational needs. Interest rate risk is managed by either securing fixed rate borrowings or by using interest rate derivatives.

Currency and interest rate risks are actively managed in accordance with the Trust Group's treasury policy. Derivative financial instruments are used primarily for managing interest rate and foreign currency risks and not for speculative purposes. Treasury transactions are only executed with counterparties with acceptable credit ratings to control counterparty risk exposure.

The Trust Group's principal foreign currency transaction exposures arise from the import of fuel and capital equipment. Foreign currency transaction exposure is managed mainly through forward foreign exchange contracts. As at 30 June 2017, over 95% of the Trust Group's transaction exposure from the import of fuel and capital equipment was either denominated in United States dollars or hedged into Hong Kong or United States dollars. The Trust Group is also exposed to foreign currency fluctuation arising from the foreign currency borrowings. Such exposures are, where appropriate, mitigated by the use of either forward foreign exchange contracts and cross currency swaps.

The contractual notional amounts of derivative financial instruments outstanding at 30 June 2017 amounted to HK\$36,195 million (31 December 2016: HK\$65,367 million).

Charge on Assets

As at 30 June 2017, no assets of the Trust Group were pledged to secure its loans and banking facilities (31 December 2016: Nil).

Contingent Liabilities

As at 30 June 2017, the Trust Group had no guarantee or indemnity to external parties (31 December 2016: Nil).

Employees

The Trust Group maintains a policy of pay-for-performance and the pay levels are monitored to ensure competitiveness is maintained. The Trust Group's total remuneration costs for the six months ended 30 June 2017, excluding directors' emoluments, amounted to HK\$558 million (2016: HK\$560 million). As at 30 June 2017, the Trust Group employed 1,772 (31 December 2016: 1,790) permanent employees. No share option scheme is in operation.

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS OF THE TRUST AND OF THE COMPANY

(Expressed in Hong Kong dollars)

1. Review of unaudited interim financial statements

These unaudited consolidated interim financial statements have been reviewed by the Audit Committees.

2. General information

HK Electric Investments Limited (the "Company") was incorporated in the Cayman Islands on 23 September 2013 as an exempted company with limited liability under the Companies Law 2011 (as consolidated and revised) of the Cayman Islands.

On 1 January 2014, HK Electric Investments (the "Trust") was constituted by a Hong Kong law governed Trust Deed entered into between HK Electric Investments Manager Limited (the "Trustee-Manager", in its capacity as the trustee-manager of the Trust) and the Company. The scope of activity of the Trust as provided in the Trust Deed is limited to investing in the Company.

3. Basis of presentation

Pursuant to the Trust Deed, the Trust and the Company are each required to prepare their own sets of interim financial statements on a consolidated basis. The unaudited consolidated interim financial statements of the Trust for the period ended 30 June 2017 comprise the unaudited consolidated interim financial statements of the Trust, the Company and its subsidiaries (together the "Trust Group"). The unaudited consolidated interim financial statements of the Company for the period ended 30 June 2017 comprise the unaudited consolidated interim financial statements of the Company and its subsidiaries (together the "Group").

The Trust controls the Company and the sole activity of the Trust during the six months period ended 30 June 2017 was investing in the Company. Therefore, the consolidated results and financial position that would be presented in the unaudited consolidated interim financial statements of the Trust are identical to the consolidated financial results and financial position of the Company with the only differences being disclosures of share capital of the Company. The Directors of the Trustee-Manager and Directors of the Company believe that it is clearer to present the unaudited consolidated interim financial statements of the Trust and of the Company together. The unaudited consolidated interim financial statements of the Trust and the unaudited consolidated interim financial statements of the Company are presented together to the extent they are identical and are hereinafter referred as the "unaudited consolidated interim financial statements of the Trust and of the Company".

The Trust Group and the Group are referred as the "Groups".

4. Basis of preparation

The unaudited consolidated interim financial statements of the Trust and of the Company have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34, *Interim financial reporting* issued by the HKICPA and comply with the applicable disclosure provisions of the Listing Rules.

The interim financial statements have been prepared in accordance with the same accounting policies adopted in and should be read in conjunction with the 2016 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2017 annual financial statements. Details of these changes in accounting policies are set out in note 5.

The preparation of the interim financial statements in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The interim financial statements and selected explanatory notes thereon do not include all of the information required for full set of financial statements prepared in accordance with HKFRSs.

5. Changes in accounting policies

The HKICPA has issued a number of amendments to HKFRSs that are first effective for the current accounting period of the Groups. Of these, the following developments are relevant to the Trust’s and the Company’s unaudited consolidated interim financial statements:

- Amendments to HKAS 7, *Statement of cash flows: Disclosure initiative*
- Amendments to HKAS 12, *Income taxes: Recognition of deferred assets for unrealised losses*

The adoption of these amendments to HKFRSs has no material impact on the Groups’ results and financial positions for the current or prior periods. The Groups have not applied any new standard or amendment that is not effective for the current accounting period.

6. Revenue

The principal activity of the Groups is the generation and supply of electricity to Hong Kong Island and Lamma Island. Revenue is analysed as follows:

	Six months ended 30 June	
	2017	2016
	\$ million	\$ million
Sales of electricity	5,313	5,311
Concessionary discount on sales of electricity	(2)	(3)
Electricity-related income	15	18
	<u>5,326</u>	<u>5,326</u>

7. Segment reporting

The Groups have one reporting segment which is the generation and supply of electricity to Hong Kong Island and Lamma Island. All segment assets are located in Hong Kong. The Groups' chief operating decision-maker reviews the consolidated results of the Groups for the purposes of resource allocation and performance assessment. Therefore, no additional reportable segment and geographical information has been presented.

8. Profit before taxation

The provision for Hong Kong Profits Tax is calculated at 16.5% (2016: 16.5%) of the estimated assessable profits for the six months ended 30 June 2017.

Pursuant to the rules and regulations of the Cayman Islands and the British Virgin Islands, the Groups are exempt from any income tax in these jurisdictions.

10. Scheme of Control transfers

The Scheme of Control transfers are mid-year notional transfers. The actual Scheme of Control transfers can only be determined in accordance with the Scheme of Control at the year end. Notional Scheme of Control transfers during the period represent transfer to the following:

	Six months ended 30 June	
	2017	2016
	\$ million	\$ million

There were no movements in the share capital of the Company during the period.

20. Fair value measurement

The following table presents the fair value of the Groups' financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13: *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical financial assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data is not available
- Level 3 valuations: Fair values measured using significant unobservable inputs

(a) Recurring fair value measurements

	4,810	4,561
	4,810	4,561

20. Fair value measurement *(Continued)*

(b) Fair values of financial assets and liabilities carried at other than fair value

Trade and other receivables, trade and other payables and external borrowings are carried at cost or amortised cost which are not materially different from their fair values as at 30 June 2017 and 31 December 2016.

(c) Valuation techniques and inputs in Level 2 fair value measurements

The fair values of forward foreign exchange contracts are determined using forward exchange market rates at the end of the reporting period. The fair values of cross currency swaps and interest rate swaps are determined by discounting the future cash flows of the contracts at the current market interest rates.

The fair values of medium term notes are estimated as the present value of future cash flows, discounted at current market interest rates for similar financial instruments.

21. Interim distribution/dividend

The distributable income for the period was as follows:

	Six months ended 30 June	
	2017	2016
	\$ million	\$ million
Consolidated profit attributable to the holders of Share Stapled Units for the period	1,003	1,101

Interim distribution per Share Stapled Unit/first interim dividend per ordinary share of the Company (see note (e) below)	<u>19.92 cents</u>	<u>19.92 cents</u>

21. Interim distribution/dividend *(Continued)*

- (a) Pursuant to clause 1.1 of the Trust Deed, “Adjustments” includes, but not limited to (i) transfers to/from the Tariff Stabilisation Fund and the Rate Reduction Reserve under the Scheme of Control; (ii) unrealised revaluation gains/losses, including impairment provisions and reversals of impairment provisions; (iii) impairment of goodwill/recognition of negative goodwill; (iv) material non-cash gains/losses; (v) costs of any public offering of Share Stapled Units that are expensed through the consolidated statement of profit or loss but are funded by proceeds from the issuance of such Share Stapled Units; (vi) depreciation and amortisation; (vii) tax charges as shown in the consolidated statement of profit or loss; and (viii) net finance income/costs as shown in the consolidated statement of profit or loss.
- (b) The Trust Deed requires the Trustee-Manager (on behalf of the Trust) to distribute 100% of the dividends, distributions and other amounts received by the Trustee-Manager in respect of the ordinary shares from the Company, after deduction of all amounts permitted to be deducted or paid under the Trust Deed.
- (c) The distributions received by the Trustee-Manager from the Company will be derived from the Group Distributable Income which is referred as audited consolidated profit attributable to the holders of Share Stapled Units for the relevant financial year or distribution period, after making adjustments in respect of items as set out in the Trust Deed.
- (d) In determining the distribution amount, the Company Board has taken into account the Group’s financial performance achieved during the period under review and its stable cashflow from operations, and consider it appropriate to adjust the distributable income for the six months ended 30 June 2017, as calculated pursuant to the Trust Deed, by the above discretionary amount, pursuant to clause 14.1(c) of the Trust Deed.
- (e) Interim distribution per Share Stapled Unit/first interim dividend per ordinary share of the Company of 19.92 cents (2016: 19.92 cents) is calculated based on the interim distribution of \$1,760 million for the six months ended 30 June 2017 (2016: \$1,760 million) and the number of Shares Stapled Units/ordinary shares of the Company of 8,836,200,000 in issue as at 30 June 2017 (2016: 8,836,200,000).

22. Capital commitments

The Groups' outstanding capital commitments not provided for in the financial statements were as follows:

	30 June 2017 \$ million	31 December 2016 \$ million
Capital expenditure for property, plant and equipment authorised and contracted for	<u>5,562</u>	<u>4,140</u>
Capital expenditure for property, plant and equipment authorised but not contracted for	<u>8,310</u>	<u>10,638</u>

23. Material related party transactions

The Groups had the following material transactions with related parties during the period:

(a) Holder of Share Stapled Units

Support service charge recovered from Power Assets group

Other operating costs included support service charge recovered from Power Assets group amounting to \$19 million (2016: \$18 million) for provision of the support services and office facilities to Power Assets group. The support service charge was based on the total costs incurred in the provision or procurement of the provision of the services and facilities and allocated to Power Assets group on a fair and equitable basis, taking into account the time spent by the relevant personnel when providing such services.

At 30 June 2017, the total outstanding balance receivable from Power Assets group was \$4 million (31 December 2016: \$4 million).

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS OF HK ELECTRIC INVESTMENTS MANAGER LIMITED

(Expressed in Hong Kong dollars)

1. Review of unaudited interim financial statements

These unaudited interim financial statements have been reviewed by the Audit Committee.

2. General information

HK Electric Investments Manager Limited (the "Company") was incorporated in Hong Kong under the Hong Kong Companies Ordinance on 25 September 2013 and is an indirect wholly-owned subsidiary of Power Assets.

The principal activity of the Company is administering HK Electric Investments (the "Trust"), in its capacity as trustee-manager of the Trust. The costs and expenses of administering the Trust may be deducted from all property and rights of any kind whatsoever which are held on trust for the registered holders of units of the Trust but, commensurate with its specific and limited role, the Company will not receive any fee for administering the Trust.

3. Basis of presentation

The Trust Deed requires the Company (on behalf of the Trust) to distribute 100% of the dividends, distributions and other amounts received in respect of the ordinary shares from HK Electric Investments Limited, after deduction of all amounts permitted to be deducted or paid under the Trust Deed.

In accordance with the Trust Deed, a distributions statement shall be included in the financial statements of the Company. As the details of the distribution has already been presented in note 21 to the unaudited consolidated interim financial statements of the Trust and of HK Electric Investments Limited on pages 29 and 30, no distributions statement is therefore presented in these unaudited interim financial statements.

4. Basis of preparation

These unaudited interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34, *Interim financial reporting* issued by the HKICPA and comply with the applicable disclosure provisions of the Listing Rules.

The interim financial statements have been prepared in accordance with the same accounting policies adopted in and should be read in conjunction with the 2016 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2017 annual financial statements. Details of these changes in accounting policies are set out in note 5.

The preparation of the interim financial statements in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The interim financial statements and selected explanatory notes thereon do not include all of the information required for full set of financial statements prepared in accordance with HKFRSs.

The financial information relating to the financial year ended 31 December 2016 that is included in the interim financial statements as comparative information does not constitute the Company’s statutory financial statements for that financial year but is derived from those financial statements. Further information relating to these statutory financial statements disclosed in accordance with section 436 of the Hong Kong Companies Ordinance is as follows:

The Company’s financial statements together with the consolidated financial statements of the Trust and of HK Electric Investments Limited for the year ended 31 December 2016 will be delivered to the Registrar of Companies in due course.

The Company’s auditor has reported on the financial statements of the Company for the year ended 31 December 2016. The auditor’s report was unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report; and did not contain a statement under sections 406(2), 407(2) or (3) of the Hong Kong Companies Ordinance.

5. Changes in accounting policies

The HKICPA has issued a number of amendments to HKFRSs that are first effective for the current accounting period of the Company. The adoption of these amendments to HKFRSs has no material impact on the Company's result and financial position for the current or prior periods. The Company has not applied any new standard or amendment that is not effective for the current accounting period.

6. Profit before taxation

All expenses of the Company which were incurred for the administering of the Trust of \$242,000 for the six months ended 30 June 2017 (2016: \$244,000) have been borne by HK Electric Investments Limited, which has waived its right of recovery thereof.

Except for the above, the Company did not incur any administrative expenses during the current and prior periods.

7. Income tax

No provision for Hong Kong Profits Tax has been made in the financial statements as the Company did not have any assessable profits during the current and prior periods.

8. Share capital

	30 June 2017		31 December 2016	
	Number of shares	\$	Number of shares	\$
Ordinary shares, issued and fully paid	<u>1</u>	<u>1</u>	<u>1</u>	<u>1</u>

In accordance with section 135 of the Hong Kong Companies Ordinance, the ordinary shares of the Company do not have a par value.

There were no movements in the share capital of the Company during the period.

9. Material related party transactions

Except for the transactions and balances disclosed elsewhere in the financial statements, the Company did not enter into material related party transactions.

CORPORATE GOVERNANCE

Corporate Governance Practices

The Boards are committed to maintaining high standards of corporate governance, and recognise that sound and effective corporate governance practices are fundamental to the smooth, effective and transparent operation of the Trustee-Manager and the Trust Group, and the ability to attract investment, protect the rights of Holders of Share Stapled Units and other stakeholders, and enhance the value of the Share Stapled Units. The corporate governance policies of the Trustee-Manager and the Trust Group are designed to achieve these objectives and are maintained through a framework of processes, policies and guidelines.

Pursuant to the Trust Deed, the Trustee-Manager is responsible for compliance by the Trust with the Listing Rules applicable to the Trust and other relevant laws and regulations, the Company is responsible for compliance by the Company with the Listing Rules applicable to the Company and other relevant laws and regulations, and each of the Trustee-Manager and the Company will co-operate with each other to ensure that each party complies with the Listing Rules obligations and to co-ordinate disclosure to the Stock Exchange.

The Trust and the Company have complied with the applicable code provisions in the Corporate Governance Code throughout the six months ended 30 June 2017, except as noted hereunder.

The Trustee-Manager does not have a remuneration committee as provided for in code provision B.1, since under the terms of their letters of appointment the Directors of the Trustee-Manager are not entitled to any remuneration.

At present, neither the Trustee-Manager nor the Company has a nomination committee as provided for in code provision A.5. The Trustee-Manager and the Company do not consider it necessary to have a nomination committee as the full Boards are responsible for reviewing the structure, size and composition of the Boards and the appointment of new Directors from time to time having regard to the Group's board diversity policy. The Boards as a whole are also responsible for reviewing the succession plan for the Directors, in particular the Chairman and the Chief Executive Officer.

CORPORATE GOVERNANCE *(Continued)*

The Trust Group is committed to achieving and maintaining standards of openness, probity and accountability. In line with this commitment and in compliance with the Corporate Governance Code, the Trustee-Manager Audit Committee and the Company Audit Committee have reviewed the procedures for reporting possible improprieties in financial reporting, internal control or other matters. In addition, the Trustee-Manager and the Company have established a policy relating to inside information and securities dealing for compliance by all employees of the Group.

Boards of Directors

Each of the Trustee-Manager Board and the Company Board, led by the Chairman, is responsible for approval and monitoring of strategies and policies, approval of annual budgets and business plans, evaluation of the performance, and oversight of management of the Trustee-Manager and the Company respectively. Management is responsible for the day-to-day operations of the Group under the leadership of the Chief Executive Officer.

As at 30 June 2017, each of the Boards consisted of a total of seventeen Directors, comprising five Executive Directors, six Non-executive Directors and six Independent Non-executive Directors. All Directors are required to retire from office by rotation and are subject to re-election at the annual general meeting once every three years pursuant to the Trust Deed and the articles of association of the Company.

The positions of the Chairman and the Chief Executive Officer of the Company are held by separate individuals. The Trustee-Manager does not appoint a Chief Executive Officer due to its specific and limited role to administer the Trust. The Chairman is responsible for providing leadership to, and overseeing the functioning and effective running of, the Boards to ensure that each Board acts in the best interests of the Trust and the Group, as appropriate. In addition to board meetings, the Chairman schedules two meetings annually with Non-executive Directors without the presence of Executive Directors. The Chief Executive Officer, working with the executive management team, is responsible for managing the businesses of the Group, attending to the formulation and successful implementation of Group policies and assuming full accountability to the Company Board for all Group operations.

The Trustee-Manager Board and the Company Board hold meetings on a combined basis, and they meet at least four times a year. Additional board meetings will be held when warranted. Directors also participate in the consideration and approval of matters by way of written resolutions, which are circulated to Directors together with supporting explanatory write-up and coupled with briefings from the Chief Executive Officer or the Company Secretary as required.

The Company Secretary of the Trustee-Manager and the Company supports the Boards by ensuring good information flow within the Boards and that board policy and procedures are followed. The Company Secretary is responsible for ensuring that the Boards are briefed on all legislative, regulatory and corporate governance developments and that the Boards have regard to them when making decisions. The Company Secretary is also directly responsible for the Trustee-Manager's and the Trust Group's compliance with all obligations of the Listing Rules, Codes on Takeovers and Mergers and Share Buy-backs, Companies Ordinance, SFO and other related laws, rules and regulations.

Model Code for Securities Transactions by Directors

The Boards have adopted the Model Code as their code of conduct regarding directors' securities transactions. All Directors have confirmed following specific enquiry that they have complied with the required standards set out in the Model Code throughout the six months ended 30 June 2017.

Senior managers, and other nominated managers and staff who, because of their respective positions in the Company, are likely to be in possession of inside information regarding the Trust Group and its securities are also required to comply with the Model Code.

CORPORATE GOVERNANCE *(Continued)*

Change of Information of Directors

The change in the information of Directors since the publication of the annual report 2016 (or, where applicable, subsequent announcement relating to appointment of Director) and up to 25 July 2017 (the latest practicable date prior to the printing of this interim report) is set out below pursuant to Rule 13.51B(1) of the Listing Rules:

Name of Director

Li Tzar Kuoi, Victor	Ceased to be a member of the Commission on Strategic Development of the Hong Kong Special Administrative Region
Deven Arvind Karnik	Appointed as a director of Cadent Gas Limited
Donald Jeffrey Roberts	Appointed as an Independent Non-executive Director of Cheung Kong Property Holdings Limited
Zhu Guangchao	Appointed as Chairman of National Grid Corporation of the Philippines

Save for the information disclosed above, there is no other information required to be disclosed pursuant to Rule 13.51B(1) of the Listing Rules.

Risk Management and Internal Control

The Trustee-Manager Board and the Company Board have overall responsibility for evaluating and determining the nature and extent of the risks they are willing to take in achieving the Trustee-Manager's and the Company's strategic objectives, overseeing the risk management and internal control systems including reviewing their effectiveness through the Trustee-Manager Audit Committee and the Company Audit Committee to ensure appropriate and effective risk management and internal control systems are in place.

The Internal Audit Department, reporting to an Executive Director and the Trustee-Manager Audit Committee and the Company Audit Committee, provides independent assurance as to the existence and effectiveness of the risk management activities and controls in business operations. Staff members of the department are from a wide range of disciplines including accounting, engineering and information technology. Using risk assessment methodology and taking into account the scope and nature of the Group's activities and changes in operating environment, the Internal Audit Department prepares its yearly audit plan which is reviewed and approved by the Audit Committees. Its internal audit reports on the Group's operations are also reviewed and considered by the Trustee-Manager Audit Committee and the Company Audit Committee. The scope of work performed includes financial and operations review, recurring and unscheduled audits, fraud investigation, productivity efficiency review and laws and regulations compliance review. The Internal Audit Department follows up audit recommendations on implementation by the operating units and the progress is reported to the Audit Committees.

Remuneration Committee of the Company

The Remuneration Committee of the Company comprises three members, two of whom are Independent Non-executive Directors. It is chaired by Mr. Donald Jeffrey Roberts and the other members are Mr. Fok Kin Ning, Canning and Mr. Fong Chi Wai, Alex.

The Remuneration Committee reports directly to the Company Board and its principal responsibilities include the review and consideration of the Company's policy for remuneration of Directors and senior management, and the determination of their individual remuneration packages. The terms of reference of the Remuneration Committee are published on the Company's website and HKEX's website.

Trustee-Manager Audit Committee and Company Audit Committee

Each of the Trustee-Manager Audit Committee and the Company Audit Committee comprises two Independent Non-executive Directors and one Non-executive Director. It is chaired by Mr. Donald Jeffrey Roberts and the other members are Mr. Ronald Joseph Arculli and Mr. Lee Lan Yee, Francis.

The Trustee-Manager Audit Committee and the Company Audit Committee report directly to the Trustee-Manager Board and the Company Board respectively. The principal responsibilities of the Audit Committees are to assist the Boards in fulfilling their audit duties through the review and supervision of financial reporting system and risk management and internal control systems, the review of financial information, and the consideration of issues relating to external auditor and their appointment.

CORPORATE GOVERNANCE *(Continued)*

The Audit Committees also meet regularly with the external auditor to discuss the audit process and accounting issues. The terms of reference of the Trustee-Manager Audit Committee and the Company Audit Committee are published on the Company's website and HKEX's website.

Communication with Holders of Share Stapled Units

The Trustee-Manager and the Company have established a range of communication channels between themselves and Holders of Share Stapled Units and investors. These include the annual general meeting, the annual and interim reports, notices, letters, announcements and circulars, news releases, the Company's website at www.hkei.hk and meetings with investors and analysts. All Holders of Share Stapled Units have the opportunity to put questions to the Boards at general meetings, and at other times by e-mailing or writing to the Company.

Holders of Share Stapled Units may at any time notify the Company by mail or email of any change in their choice of language (English or Chinese or both) or means of receiving (printed copies or through the Company's website) corporate communications from the Trustee-Manager and the Company.

The Trustee-Manager and the Company handle registration of Share Stapled Units and related matters for Holders of Share Stapled Units through Computershare Hong Kong Investor Services Limited, the Share Stapled Units Registrar.

The Boards have adopted a communication policy which provided a framework to promote effective communication with Holders of Share Stapled Units.
