

Engineer II
(Ref. No. CS-MT-EII-COW)

Responsibilities:

Reporting to the Chief Meter Engineer, the appointee will mainly perform the following responsibilities:

- To lead a team of staff to handle metering installation works including conducting site survey for metering system design and installation, and commissioning and maintenance of tariff meter installations
- To perform technical assignments such as evaluation, assembly and testing of meter reading equipment and meter panels, and management of stock materials
- To support the technical and software development relating to metering systems
- To assist in preparing tender specifications and reports

Requirements:

- Bachelor Degree in Electrical Engineering, Electronic Engineering or related disciplines with qualifications leading to Corporate Membership of HKIE
- A minimum of 5 years' relevant work experience, preferably in metering technologies, ISO quality management systems, assets management, IT systems development or programming
- Familiar with metering and metrology principles and systems design
- Good knowledge of the Supply Rules, the Electricity Ordinance, and Code of Practice for the Electricity (Wiring) Regulations and other related legislations
- Holder of a valid Construction Workers Registration Card as a Skilled Worker (Electrical Fitter) and valid driving license for Classes 1 and 2 preferred

Working Location: North Point
